Sep. 7, 2008

**Read 1 Corinthians 9:24-27**

Paul writes, “run to win.” What do you think this means?

Many people are too fearful to step out in God’s purpose for them. What is it that we are afraid of losing in life by doing things wholeheartedly God’s way?

When have you told God that you’d do whatever He says- whatever the cost? Did you keep that promise?

God’s sends us into difficult places to do difficult things. What does that mean for you in your season of life? Are there any guarantees in life?

Do you feel that you really understand those who took risks to make GCC a reality today? Are you willing to take greater risks to see a Greater Impact?

**Pray-** To live life dangerously and boldly.

**Vision-** “impact central NH” nothing ventured- nothing gained kind of living for others.
