

Ice Breaker- What or who have you made your “rock” in the past? (besides the Lord)

Oct 5, 2008

Read 1 Peter 2:4-7

What do you think it meant for Peter that Jesus was the cornerstone? When you think of a cornerstone today, what are the characteristics that point out who Jesus is to you?

Why do you need Jesus to be a Rock ?

What are some examples of the ways people build their lives on sand? Why do you think many who say they follow Christ also build on sand?

Do the situations in the world today make you nervous or frightened? Why?

Tell how we can practically and consistently make Jesus our Rock

Pray- That we would get off the sinking sand.

Vision- “raise up a body of believers” No better place than upon the mountain of the Lord
