

Ice Breaker-What is the most creative thing about yourself?

May 24, 2009

Read Genesis 9:20-23- There were roots that still needed to be pulled up in Noah's life. What is it that is still in you that you would be willing to share with the group?

How do you think God deal with the things in us that we have buried beneath the surface of our lives?

C.S. Lewis said that "when a man is getting better he understands more and more clearly that evil is still left in him. When a man is getting worse, he understands his badness less and less." What do you think about this?

What types of things trigger your "old nature?" What does this tell you about yourself?

Peter had a corrective emotional experience with Jesus, and initially it was painful. Are you willing to let God go to the deeper places in you and pull up some of the roots? **Pray for one another now.**

Pray- Pray this for one another: Lord reveal what is rooted in me. Help me come to terms with it. Help me be willing to release it. Do the work that needs to be done. Heal me.

Vision- "with the Father's love" God uproots because he loves us and is changing us.
