

**Ice Breaker**-What tree or plant best represents who you are?

**Read John 4:7-16** When you read this account that Jesus had with the Samaritan woman what stands out to you most about the woman?

Why do you think that Jesus asked her to "go get your husband" if he knew she wasn't married any longer?

Have you ever had to hear an uncomfortable word at church or from a brother/sister in Christ? How do you tend to deal with that?

Since the Lord is patient and loving, he takes the time to dig around the roots of our lives and carefully cut back and nurture them. Where is the Lord doing this in you?

What is the difference between "dwelling" on our hurts, failures and sins- and allowing the Lord to bring these things up for Him to heal them?

**Pray-** Pray this for one another: There is still more for the Lord to do in each of us.

**Vision-** "impact the region" Just as the Samaritan woman's testimony changed the lives of others, our freedom becomes a testimony to others.
