

Ice Breaker-Share a fun story from when you were a kid playing hide and seek.

June 14, 2009

Read Genesis 3:8-11- God asks the question, "Who told you that you were naked?" It wasn't God that pointed out to them that they were naked. With this realization came shame. How do we still walk in that shame today?

Adam and Eve covered themselves in fig leaves to hide themselves. What causes us to want to cover up our stuff and hide it from others? Why do we do this?

Words spoken over us can shame us and shape our identity. Things that we have done or have been done to us create regret in our lives. How do we find freedom from these things?

Read James 5:13-16 – What have you hidden from God and others that is holding you back from freedom?

Getting real is painful and will cost you something but the end result is worth it. **Pray for one another that the desired freedom they have would remove the fear of pain.**

Vision- "relationship with one another" confess your sins one to another so that you may be healed.
