

Ice Breaker-what kind of reputation did your family have when you were growing up?

June 21, 2009

Read Luke 3:7-14 Why do you think that John the Baptist was so hard on the people coming to him to be baptized? What was the fruit he was looking for?

Have you ever made excuses for your behavior? Talk about how that works in you-

For the dads in your cell- What were some of the things you learned (good and bad) about being a father from your father?

What is a generational root or curse? How can we break free of these?

Picture yourself coming to John the Baptist. Ask yourself the question, "What should I do then?" Now answer it to the group.

Pray- For God to uncover generational roots- and for us to be willing to stop making excuses and repent.

Vision- "raise up a body of believers" –our spiritual growth is dependent upon growth.
