Since you've been in cell group, what kind of relationships have you built with others?

How about your relationship with God? Are there ways that the cell group has helped in your walk?

For the next six weeks, the cell leaders will be undergoing some training and then we will re-launch all of our cells with more strength. What are some things that you think you can be doing personally to maintain relationships and stay connected?

What are some things you can do as a cell, even though you are not having official cell meetings for these weeks? How can you encourage others to be in a cell group during this time?

Everyone go around and express your thanks and blessing to your cell leader and host home. Then have the cell leader do the same with everyone in the cell.

Pray- Pray together for the training, strengthening and greater participation by all as we relaunch our cells in September.

Vision- "in relationship with Jesus Christ and One Another" through our cell groups.

FYF needs: First Impressions Ministries: Parking- Randy Allen, Welcome Team- Sheryl Meeker, Greeters- David Rys, Ushers- Rick Bull, Child Check-In Workers- Darcy St. Onge
