

Ice Breaker- What was your "dating life" like as a teenager?

November 15, 2009

Prayer focus: **Greater Impact** – pray for the safety of the contractors as they work in the Youth Center. Pray for them to feel the Holy Spirit's presence as they work. Pray for those yet to come!

Read 1 Corinthians 7:8-17 and 32-35 What in this passage speaks most to you in your current situation?

To the married folks in the cell: think back to when you were single. Do you think you valued that time and put Jesus first? Talk about that time.

To the singles in your cell: do you look at this "season" of your life as a time of being undivided in your devotion to the Lord? How can we help you as married people?

For those who have been through a divorce: How did you handle being "single" again? What about what Paul said about it being better that you remain single- what do you think about that?

If there are any people who are married to a non-believer have them talk about the challenges and need they have for support from others.

Vision- "raise up a body"- Family includes everyone, single, married, young and old!
