Cell Outline

Prayer focus:  
*Pray for our plans as we look to start our new GCC campus in the Lakes region- specifically for laborers for the harvest.*

**Ice Breaker-** Take a few minutes to talk about multiplying your cell. Any potential host homes? Leaders?

Tell about a time when God really stretched you.

Read John 4:34-38. Why is it easy to write this off as applying only to the early church?

God connects us with tomorrow so we don't crave the past or coast in the present. What is your default mode?

*When pastor Peter talked about how we arrived at where we are today, what kinds of things were you feeling and thinking?*

So here we go...another leg of the journey. What can you see as your part as we look toward the Lakes Region?

**FYF needs:** Children's ministry workers, Greeters & Ushers, Cell Hosts.
